The Soper River winds through the tundra covered hills of southern Baffin Island. Its valley, sheltered from harsh winds, supports a 'forest' of willows and a lush profusion of arctic wildflowers. Caribou, ptarmigan and arctic hare make the valley their home, and you can find arctic char in the river. The Inuit have used the Soper River as a vital source of food and travel for thousands of years. Also called 'Kuujuak' (Great River), The Soper has been designated a Canadian Heritage River. Our trips covers 60 km of current, class 1 and occasional class 2 whitewater, and will take place in SOAR inflatable canoes. This is a fabulous arctic adventure. Skill Level 1+.

Located deep in the Laurentian backwoods, it offers exceptional paddling: turbulent rapids interspersed with deep pools and just enough water volume to keep things interesting. More isolated and less travelled than rivers like the Dumoine, you'll find more wildlife and better fishing. With no dams to regulate the water flow, the Bazin is best run in June and July.
